

## ABOUT CREATE LED LIGHTING SOLUTIONS

CREATE LED Lighting is dedicated to providing energy efficient compact light sources, combining the lifetime and reliability advantages of LEDs with the brightness of conventional lighting.

CREATE LED Lighting provides solutions for all of your lighting needs. CREATE LED Lighting has solutions for Industrial Lighting, Commercial Lighting, Residential Lighting.

CREATE LED Lighting can meet the unique needs of Industrial industries. In the Commercial world it's all about getting attention. At Create we certainly know how to do that. With a variety of fixtures that generate endless lighting effects, we can make your display cases or store front stand out. Choose vibrant coloured lighting or a colour changing solution.

LEDs for the home are now much more than Christmas lights. Products like our LED down lights provide great light at a low power cost, and no more standing on chairs to change bulbs. Our strip lighting product line is ideal for under cabinet applications, giving light just where you need it. Let Create find the LED solution for you.

## LED Fluorescent Light

### Product Features:

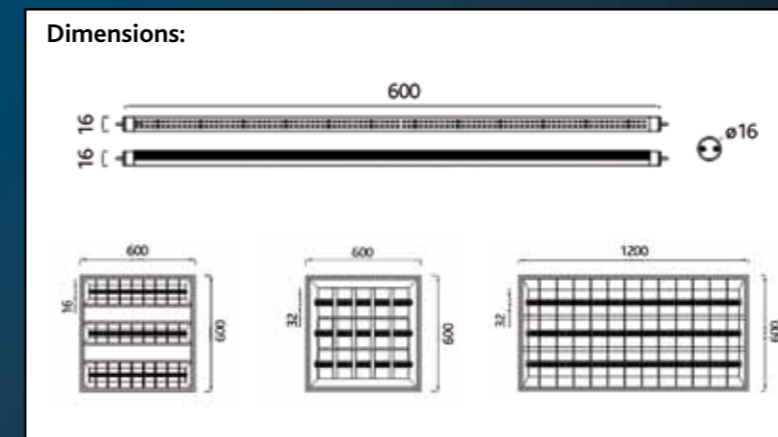

- Colour: White, Warm White, Coco White, Red, Yellow, Green and Blue
- Adopt SMD LED as light source
- LED Power: 10W, 15W, 30W, 30W (Base), 48W (Base) and 110W (Base)
- Viewing Angle: 120°
- Size: 600x16x16mm and 1200x16x16mm
- Life Span: 50,000+hrs

### Application:

- Conference and Meeting Rooms
- Factories and Offices
- Commercial Complexes
- Residential and Institution Buildings

# LED FLUORESCENT LIGHTING

With over 50,000 hours lifespan, no maintenance, energy savings of up to 70%, *why wouldn't you opt for the LED lighting technology!*

Maintaining a cleaner, greener lighting system will minimise your carbon footprint. By removing one tube you can reduce your carbon emissions by over 2 tonnes over 50000hrs. No mercury, Acrylic tube, PVC housing, up to 2000lumens.

LED Fluorescent Tubes come in a range of different colours including, warm white, blue, green, pure white, and yellow. Simply remove the ballast, starter and provide active and neutral, and you have a working system.

TECHNICAL DETAILS

Description:	Fluorescent tubes only
Lamp Source:	High efficient LED
Voltage:	11-15AC 50Hz/60Hz
Colour:	Pure White, Warm White, Red, Green, Blue
Colour Temperature:	5000K-6000K
Max Wattage:	12W, 15W, 18W, 22W, 33W
Beam Angle:	LED 40°
IP Rated:	40
Current draw:	.1375
Lumens:	2000
Life expectancy:	50000
